Subash Chandra Bose.K

Data Analyst

mcsubash1@gmail.com | 8667251631 | Villupuram | GitHub | LinkedIn | Portfolio

SUMMARY

Aspiring Data Analyst focused on transforming **raw data into meaningful insights**, identifying **business trends**, and supporting **data-driven decision-making** through **analytical reports and interactive dashboards**.

SKILLS

Python | SQL (MySQL / PostgreSQL) | Advanced Excel | Power BI | Data Visualization | DAX | EDA | Statistics | ELT | ETL | Data Modeling | Data Analysis | Problem Solving | Analytical Thinking | Business insights | Machine Learning | Git | Github | libraries : Pandas | NumPy | Matplotlip | Seaborn | Plotly .

PROJECTS

HR Employee Attrition Analytics & Insights,
Key Skills : Python, Pandas, Streamlit, SQL, Power BI, EDA, Data Visuvalization
Cleaned and transformed employee data using **Python and Pandas**; analyzed patterns across departments, roles, overtime, satisfaction and income; used **SQL** to identify high-risk segments and built a **Power BI dashboard with KPIs** and insights.

SecureCheck: A Python-SQL Digital Ledger for Police Post,
Key Skills : Python, Pandas, Streamlit, SQL, EDA, Data Visuvalization
Analyzed and cleaned records using **Python, Pandas and SQL**; identified traffic and security trends, patterns and anomalies; presented findings through **data visualization**s.

PROFESSIONAL EXPERIENCE

Intern , Data Analyst *08/2026 – 09/2026* | India
Completed a **Data Analytics Internship at Cognifyz Technologies**, gaining hands-on experience in **data analysis, cleaning, visualization, and insights generation**.

EDUCATION

University College Of Engineering, Villupuram
B.E.Electronics and Communication Engineering

128-Government Polytechnic College, Villupuram
Diploma in Mechanical Engineering

LANGUAGES

Tamil | English | Kannada

CERTIFICATES

Data Analytics (Simplilearn) | **Python** (Simplilearn) |
SQL for Data Analysis (Simplilearn) | **Power BI** (Simplilearn)
